

Kids Activity Project Stencils

Display all 8 sku's in just 17" x 47".

New Stencils Make the Grade!

A+ results are easy to achieve with Plaid's new Kids Activity Project Stencils! School project-perfect, the stencils are ideal for a variety of assignments including models, posters, dioramas and much more.

We Did Our Homework!

Design themes were extensively researched to identify the most common school projects and activities, covering topics such as sciences, nature, government and recycling. Each theme crosses traditional curriculums, offering multiple applications. There are even designs for other school activities such as class elections and bulletin boards. Several are also great for family, organizations, and community group projects.

Each set contains six 8" x 10" durable, reusable stencils.

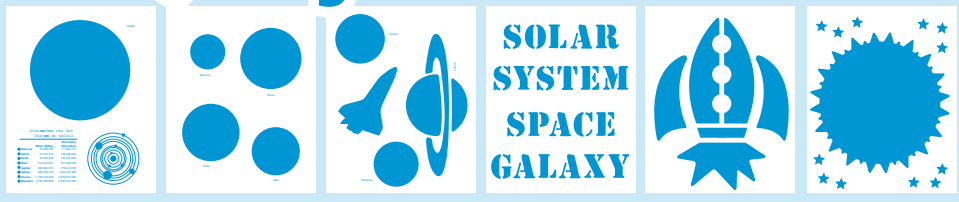

- **Easy to use:** Simply trace and cut shapes from paper or foam; use paint or markers to color.
- **Eye-catching packages** feature lifestyle photos of kids with their projects for instant appeal and understanding. Package size: 8" x 11" x .25"
